the epistle of jesus to the church is a commentary on the book of revelation that assumes jesus was the author and john the reporter of the words and events described here one will not find an explanation of an anti roman message written by john in hidden codes and apocalyptic motifs to fool roman authorities john the apostle and prophet was the faithful scribe who did not create the message but faithfully and accurately described all that he saw and heard this commentary follows the principle that the scriptures explain themselves because the revelation is a word from jesus to his church a word that is grounded in the scriptures the epistle of jesus to the church has been written with teachers students and pastors in mind the interpretation of the book of revelation is thorough difficult passages are addressed and plausible answers are provided to the questions posed by in depth study of the biblical book this is a commentary for personal study or classroom instruction one that may be confidently used to preach and teach the revelation of jesus to the church

the purpose of this dictionary is to give an account of everything that relates to christ his person life work and teaching it is in a sense complementary to the dictionary of the bible in which of course christ has a great place but a dictionary of the bible being occupied mainly with things biographical historical geographical or antiquarian does not give attention to the things of christ sufficient for the needs of the preacher to whom christ is everything this is first of all a preacher s dictionary the authors of the articles have been carefully chosen from among those scholars who are or have been themselves preachers and even when the articles have the same titles as articles in the dictionary of the bible they are written by new men and from a new standpoint it is thus a work which is quite distinct from and altogether independent of the dictionary of the bible it is called a dictionary of christ and the gospels because it includes everything that the gospels contain whether directly related to christ or not its range however is far greater than that of the gospels it seeks to cover all that relates to christ throughout the bible and in the life and
